Jennifer:

I need the direct contact numbers for DSHS. I don't know who is in charge anymore since I think Tom Ellerbee and Carrie Bradford are both gone.

Thanks  
Gary Moore

I have shared this with DSHS and asked that they assist.

Jennifer:

I will need a DSHS Health Professional to help the Leonard ISD craft a health message associated with the PCB contamination. Especially the non-actionable PCB detections on the daycare center. Please have someone with DSHS get in touch with me to discuss and so that I can get the information to the LISD Superintendent.

The contacts with the school are:

Brad Maxwell (LISD Superintendent): [maxwellb@leonardisd.net](mailto:maxwellb@leonardisd.net) 903.587.2318  
Jeff Johnson (LISD Asst. Superintendent): [jjohnson@leonardisd.net](mailto:jjohnson@leonardisd.net) 903.587.2318 ext. 404

Thanks
